

Webinar: Success in the European Medical Device Market and Medica 2016

Event Summary: Medical device sales in the EU account for \$122.5 billion (€95 billion) in yearly revenue - one-third of the global market. During this Webinar, you will hear from several experts in areas including insurance company reimbursement, logistics, and key market trends. As a bonus, you will receive information about how to make the Medica, the world's largest medical device show, a success for your company. This information is designed for both Medica exhibitors and non-exhibitors.

Speaker Content/Subject Areas:

European Medical Device Market Overview - [Deloitte Consulting LLP](#)

Understand the growth potential in specific EU markets; determine how regulatory changes will affect your current and future business; and become familiar with the main demographic shifts with respect to European markets.

EU Regulations and New Medical Devices Directive - [U.S. Commercial Service European Union Office](#)

The Medical Device market in the EU (like the U.S.) is highly regulated. Learn how to position your product properly to enter the European market and how the new Medical Devices Directive (MDD) may affect your product.

Login details will follow upon registration.

Market Access and Reimbursement for your Product - [Kalms & Partner Consulting](#)

Most exporters focus on the certifications to ensure that their products can be sold in the EU, but just as (or more) important is your ability to have your products recognized and reimbursed by different European health systems. Learn how to make this process as painless as possible with a focus on Germany.

Logistics and Distribution Strategies - [UPS](#)

When business crosses borders, there are plenty of complexities to deal with—from different languages and currencies, to complex trade agreements and a host of international regulations. With these challenges, it's critical to have a knowledgeable guide to help you navigate international commerce. Clearing your products through customs and to your clients quickly and cost-effectively can give you many advantages over your competitors. Learn from UPS shipping experts how to effectively access the European market. UPS has extensive experience in the EU and recently completed a \$200 million investment in their Air hub in Cologne, Germany.

Get the Most Out of Medica - [Messe Düsseldorf North America](#) & [U.S. Commercial Service](#)

Medica is the world's largest medical device show. With 5,000 exhibitors over 19 exhibit halls, it can be overwhelming. Learn from Messe Düsseldorf's North America representative how you can make the most of your visit either as an exhibitor or a first-time visitor to the show. Ken Walsh will also give an overview of the events at Medica designed especially for U.S. exhibitors.

Connecting you to global markets.
