

## INFRASTRUCTURE PROJECT LIST

	Project	Short Description	Company	Location	Value (USD) [\$1=PhP45]	Financing (PPP, etc.)	Project Lead	Status
	<b>WATER/WASTEWATER</b>							
<b>1</b>	Umiray Angat Transbasin Rehabilitation Project	Raising of weir and desilting basins, Improvement of Apron, Umiray & Ravitan Rivers Slope Protection, Improvement of intake structure, desilting basin. Scope: Supply, Installation and Commissioning of all the project components ( Civil, Mechanical, Electrical, and Instrumentation works)	Manila Water Company Incorporated	Quezon Province				Under Procurement. Only Manila Water Company's pre-determined vendors list can bid.
<b>2</b>	Real Time Monitoring and Control of Major Inflows and Outflows	Angat Tail Race Flowmetering, Installation of flow meters at Ipo tunnels, Installation and upgrade of BNAQ1-5 flow meters Scope: Design/Supply, Installation and Commissioning of all the project components (Civil, Mechanical, Electrical, and Instrumentation works)	Manila Water Company Incorporated	Angat, Bulacan				Under Procurement. Only Manila Water Company's pre-determined vendors can bid.
<b>3</b>	Novaliches-Balara Aqueeduct Project	Construction of new intake at La Mesa Dam; Construction of Launch Shaft at Commonwealth Ave.; 7.3 km tunneling of Aqueeduct line from La Mesa Dam to Balara Filter Plant along Commonwealth Ave.; Construction of Outlet Shaft at Balara Treatment Plant compound; Aqueeduct Interconnections	Manila Water Company Incorporated	Quezon City				Pre-Construction Project Management, Design Review, Procurement to be awarded July-August 2015; Project and Construction Management, Engineering Services for review of Detailed Design to be awarded by May-June 2016; Design and Build of all project components - Bidding Start: November-December 2015/Contract Award: July 2016
<b>4</b>	Balara Treatment Plant 2 Sedimentation Basin	Seismic Retrofitting and rehabilitation of Sedimentation Basin; Installation of Lamella settlers; Installation of Automatic sludge removal system; Installation of flow metering and automatic chemical dosing system Scope: Supply, Installation and Commissioning of all the project components ( Civil, Mechanical, Electrical, and Instrumentation works)	Manila Water Company Incorporated	Quezon City				Under Procurement. Only Manila Water Company's pre-determined vendors can bid. Contract to be awarded by October 2015

5	Balara Treatment Plant 1 and 2 Reliability and Improvement Projects	BTP1: Fencing and Lighting Improvement Works BTP2: Centralization of Fire Hydrant and Flushing Lines BTP 2: Replacement of Wash Water Valves; Installation of Flow Meters at AQ72 and AQ84; Rehabilitation of Wash Watertanks BTP1 and BTP2: Electrical Modification of BTP 1 and 2 –(Transformer, Generator set and Low Voltage Switchgears); Main Line Appurtenances Improvement Works; Sludge Facility Flow Metering Scope: Scope: Design/Supply, Installation and Commissioning of all the project components ( Civil, Mechanical, Electrical, and Instrumentation works)	Manila Water Company Incorporated	Quezon City			Under Procurement. Only Manila Water Company's pre-determined vendors can bid.
6	Marikina North Sewerage System	100MLDSTP;22kmsewernetorkofpipes;2 pump stations STP: D&B Contractor: Sta. Clara OTV Consortium Status: 98% physically completed Completion Date: Jan 2017	Manila Water Company Incorporated	Marikina City and San Mateo			Priority Segment •Contractor: FF Cruz •Status: 94% completion Nangka Segment •Contractor: FF Cruz •Status: Permit acquisition
7	Water Supply Facilities – Clark Freeport Zone	Water •Construction of new deepwells •Construction of 13mld WTP •3 units water reservoirs •2 units booster station •12km of new water transmission lines & 18km of new water distribution lines (100-300mm diameter) Wastewater •Upgrading of STP capacity by 20mld •3 units lift station •5km of new sewer pipelines (up to 600mm diameter)	Manila Water Company Incorporated	Clark Freeport Zone			Procurement from 2015 to 2017; Only Manila Water Company's predetermined vendors can participate in the bidding.
8	Water Source and Facilities and Water Network – Laguna Water Projects	•Water source and facilities and water network Water Source •Construction of new wells •Upgrading of MTS System to 40MLD Water Facilities •Construction of 10ML reservoir Water Network •45 km of transmission lines (250 –1000 mm)	Manila Water Company Incorporated	Laguna - Binan, Sta Rosa, Cabuyao			Procurement from 2015 to 2017; Only Manila Water Company's predetermined vendors can participate in the bidding.
9	Metro Manila Wastewater Management Project: Construction of the South Pasig Package 1A Sewerage System	Construction of the South Pasig Package 1A Sewerage System	Manila Water Company Incorporated	Metro Manila		VA TECH WABAG LTD. - STA. CLARA INTERNATIONAL Corp. Joint Venture	Awarded to VA TECH WABAG LTD. - STA. CLARA INTERNATIONAL CORP Joint Venture on February 9, 2015.
10	Metro Manila Wastewater Management Project: Construction of the South Pasig Package 1B Sewerage System	Construction of the South Pasig Package 1B Sewerage System	Manila Water Company Incorporated	Metro Manila		Ludwig Pfeiffer-Dragonhart Joint Venture	Awarded to Ludwig Pfeiffer-Dragonhart Joint Venture
11	Muntinlupa Sewerage System – Cupang Sewage Treatment Plant (STP)		Maynilad Water Services Inc.	Cupang, Muntinlupa		Degremont consortium	Permit Acquisition; On-going Detailed Design; Awarded to Degremont consortium on January 28, 2015
12	Muntinlupa Sewerage System – Tunasan Sewage Treatment Plant (STP)		Maynilad Water Services Inc.			VA TECH WABAG LTD.	Permit Acquisition; On-going Detailed Design; Awarded to VA Tech Wabag on February 16, 2015
13	Valenzuela Sewage Treatment Plant (STP)		Maynilad Water Services Inc.			VA TECH WABAG LTD.	Permit Acquisition; On-going Detailed Design; Awarded to VA Tech Wabag on February 16, 2015
14	Paranaque Sewage Treatment Plant (STP)		Maynilad Water Services Inc.				Submission of PQ is tentatively scheduled on December 2015
15	Cavite City Sewerage System		Maynilad Water Services Inc.				Lot acquisition; Tendering of Consulting Services; Submission of PQ is tentatively scheduled in December 2015
16	Central Manila Sewerage System		Maynilad Water Services Inc.				Lot acquisition; Tendering of Consulting Services; Submission of PQ is tentatively scheduled in December 2015
<b>HOSPITAL,SCHOOL &amp; HOUSING</b>							
	Makati Medical Center	MPIC plans to expand Makati Med from its current 500authorized bed capacity. The group is studying three options: 1/Lease an adjacent 8-storey building, 2/ Purchase a 7,000 sqm lot in the vicinity, or 3/Build satellite hospitals within the city.		NCR		Metro Pacific Investment Corporation (MPIC)	Proposal; Business World reports that Metro Pacific is acquiring its 9th hospital
