

List Your Company in  
the U.S. Commercial Service  
Business Service Providers Directory

# Are You A Service Provider in China?

Every year, the U.S. Commercial Service helps thousands of U.S. companies make international sales. In addition to the assistance we provide, these companies often seek a broad range of supplemental services to facilitate their export transactions. If you provide a product or service that may be useful to a U.S. exporter or a foreign buyer, use our Business Service Providers (BSP) Directory to promote your company to these prospective customers.

### Increased Visibility

For a low annual subscription fee, your company's profile, including contact information and logo, will be listed in our online BSP Directory where it will be seen by thousands of prospective customers. And, since our website is linked to hundreds of U.S. Department of Commerce sites around the world, you're guaranteed greater visibility, not only within your local exporting community, but with a global community of U.S. exporters and foreign buyers.

### Tailored Solutions, Satisfaction Guaranteed

Our U.S. Commercial Service webmasters will work with you to ensure that your listing meets your needs. We stand behind the quality of our products and services and are committed to providing you with first-rate customer service.

- U.S. Commercial Service clients who already know what they need and are looking for companies to help them meet their objectives;
- U.S. exporters seeking help with assessment, financing, or completion of their export transactions; and
- Foreign buyers who are looking to source goods and services from the United States.
