Overview

The U.S. Commercial Service's 2018 Trade Americas – Business Opportunities in the Caribbean Region Conference is an excellent opportunity to position your organization as a market leader in promoting trade throughout the Caribbean region. The Conference will focus on the Caribbean Region and will have regional-specific sessions, market entry strategies, legal, logistics, and trade financing resources as well as pre-arranged one-on-one consultations with US & FCS Commercial Officers and/or Department of State Economic/Commercial Officers with expertise in commercial markets throughout the region.

In conjunction with the business development conference, the U.S. Department of Commerce is organizing a multi-industry trade mission, which will provide participants the optimal venue to connect directly with business opportunities in the region.
