

International Business Attorneys

When entering the international market, an attorney can be an important member of your team. Attorneys can answer questions concerning the use of distributors, dealers, or agents in various countries and the distinction between them, as well as the particular agreements involved in the transaction. Attorneys can answer tax questions on how to treat certain export sales and how to structure your business to take advantage of certain tax breaks. Various other legal questions may arise where an attorney skilled in international law will be essential. Utah attorneys with substantial international experience include:
